ABOUT ME

Hair and Make-up Artist with over 30 years in the industry. My career launched as a hairdresser in Brisbane salons. I then moved to Bahrain in the Middle East to work as a manager of a hair clinic working with high quality human hair wigs. My career then took me to London where I learnt the art of makeup and was employed by Aveda. I returned to Sydney with Aveda and launched my own freelance business working in many mediums; such as films, commercials, TV shows, photoshoots and more. I'm looking forward to starting a new chapter where I can showcase my extensive experience to ensure quality customer service.
